November 2022

From the Desk of Jeff Hunter

General Manager

It seems strange to say, but the Holidays are approaching quickly. Most of you have traditions made throughout the years for Thanksgiving and Christmas Holidays, but if you are looking for a great way to entertain family and friends, don't forget about us. Chef Chase puts together a great Thanksgiving buffet, and we would be honored to celebrate with you.

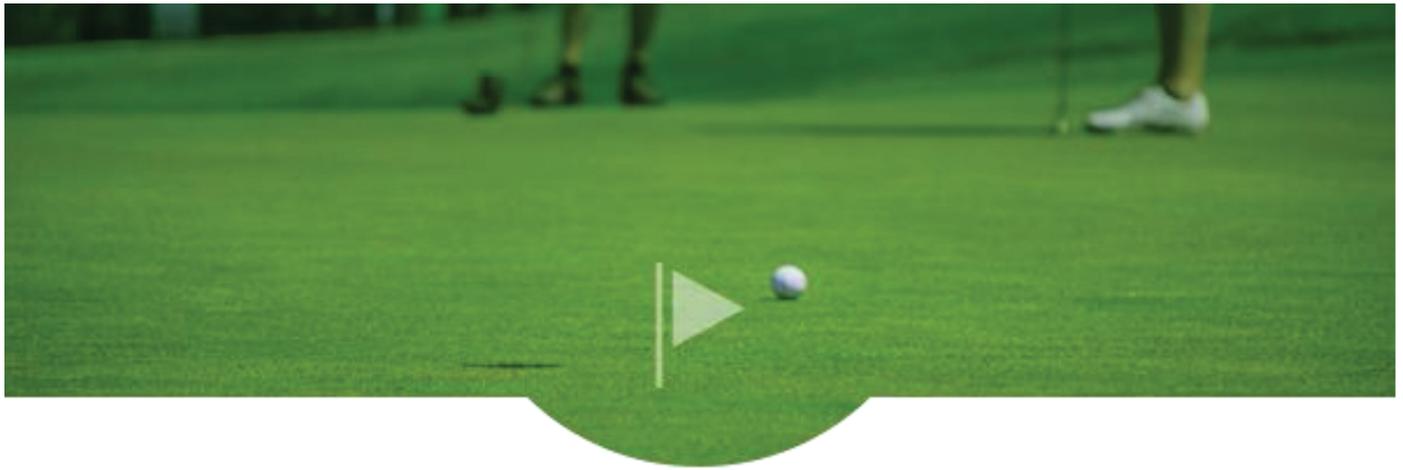

As the year winds down on the golf side, Matt is busy putting together the 2023 calendar of golf events. Our new F&B Director, Donna DiPace, is in charge of member events and can handle all your needs and reservations for events large and small. Along with Caitlin Love, our Events Coordinator, we have a great team that is willing to help you make all your events memorable.

The golf course continues to progress and recover from the drought, and we continue to research ways to keep the golf course in great condition throughout all kinds of weather. I would like to thank all members for their understanding and patience during the drought and to let you know our irrigation issues are being studied for repair.

2023 promises to be a great year for Riverhill, and as teased previously, we hope to be able to share plans and ideas with you all shortly. The ownership group is hard at work, along with staff, putting together plans for Riverhill to thrive into the future.

Have a Happy Thanksgiving, and we look forward to seeing you at the club.

Jeff Hunter, PGA
General Manager

November Golf Course Updates

For the month of November, the cart path only holes will be #7 and #12.

The crew has completed resodding areas on #3 and #7 greens and the new sod is taking hold. We will continue to address areas in need of sod on other greens until the nursery is completely stripped.

Thank you to the Men's and Women's Schreiner golf teams for weeding #2 and #3 greens, they did a great job, and the areas are recovering well.

The greens will be aerified Nov. 14th & 15th in preparation for the winter, recovery should be less than 2 weeks.

The cooler weather is finally here and the fairways have already begun to go dormant. We won't see any real fairway growth till spring, so it is very important to limit the amount of fairway driving. Please use the cart paths and roughs as much as possible.

As always, please help us by repairing your ball marks and sanding divots in the fairways.

See you on the course,

Trevor Corbet and Bogey
